

CANDIDATES FOR PRESIDENT

Nathaniel Nelson

My name is Nathaniel Nelson, and I am a second-semester freshman at Olive-Harvey College. I am petitioning to become the student body President. Aside from being a diligent student who maintains a 4.0-grade point average, I am currently the Treasurer of the Science, Technology, Engineering, and Math (S.T.E.M) club, on the President's Scholars list, on the Dean's list, and Senator of the Student Government Association (S.G.A). Outside of school, I am a husband and father of four, a member of the Amos Wilson Institute, and a community activist. These accomplishments demonstrate my dedication to be successful and make apparent my strong will. Dedication and strong will are qualities needed in a leader.

The experiences that I've had in life have driven me to be a leader and motivates me to find solutions and resolutions in matters of importance. Through the years, I have learned that everyone has something to say, but sometimes they don't have the voice to say it. I will be that voice. With compassion and understanding, I will keep my eyes and ears open. I will keep an open mind to make sure that people who have something to say are heard. As the advocate for the students at Olive-Harvey College, I will consider it my responsibility to serve as a liaison between the student body and the college administration. I will make every effort to create an accessible forum for my fellow students to bring up matters of importance and facilitate a resolution. Not one club, group, or organization will be overlooked. If it's important to the student body, it is important to me because the students are important to me.

Sincerely,
Nathaniel Nelson

CANDIDATES FOR SENATOR

Felicia Whiteside

My name is Felicia Whiteside, I am currently running for senator of the SGA. Association. I am a very dedicated student here at Olive Harvey. I work very hard to maintain a good grade point average. I attend all of my classes on a daily base. I am a person that love to work with others. I am presently a member of the Gateway Scholar Club and a senator of the SGA. My outside activities outside of my schooling is working with the youth by encouraging them to get their education. By attending Olive Harvey Class (TDL), I have attained my fork life certifications which allows myself to apply for a job as a fork lift operator.

I wish to remain a senator to make a difference and to be a voice for the students of Olive Harvey College are wherever I am needed. I am willing to have a listening hear, an open mind and work with the Government Association to try and handle the concerns of the students. I cannot promise that ever issues would be solved but: I can promise that the association will do their best to come up with the best solution in order to handle any given situation.

As a Gateway Scholar my gold is to encourage young people to further their education. It's good to go to a two years Junior College but: think about advancing to a four year University. Think about expanding your avenue and moving on up to bigger and better things. I truly feel that by encouraging and mentoring to students it play a very important part in their lives. When showing attention to student it also make the student feel good about themselves and it let them know that there is someone out there that very cares about their education.

Also as a Gateway Scholar Club member I have volunteered for various events. I have completed the required community service which is expected of all club members.

I take my role as a senator very serious and I'm here to elevate my position to higher levels in the near future. Also I'm very open and outspoken. I'm not afraid to stand up in what I believe in. Thanks, this is a brief description of Miss Lakeisha Sweet.

Pamela Stevens

I, Pamela Stevens, am interested in the senator position in SGA. I have worked with the public for 30 years and I have been in administration for 10 of those years. My experience with the managerial staff as well as the student body gives me an insight into issues that others miss. I am well organized and very detailed.

I am creative and have many interests. My interests include reading, dancing, art, music, and textiles. I am a devoted wife and mother. I believe in the enrichment of mind and body. I like to expose people to the positive things in life. This reinforces that we all have a spirit that all people have. This spirit needs constant tender loving care and positive reinforcement. I can bring my years of experience to the position of senator and assist the other members in any way I can.

The need for leadership is great and too few people are willing to take the lead. Everyone has a voice, not everyone can speak at once, so they need a voice. I want to be that voice. I believe in nurturing young minds and making this school the best it can be. With cooperation and a strong sense of what is the right thing to do, I think that the student government association is the right place for me.

Sincerely,
Pamela Stevens
